## **Summary:**

I have recently completed a Full Stack Development Diploma with the Code Institute and am eager for a career opportunity as a Junior Developer to further my skills and continue learning new frameworks.

I am currently working in KBC Bank as a Customer Account Executive where I have developed transferrable skills such as organisational and customer facing skills. Attention to detail is very important in my current role and working with other teams.

I am a member of the Clever Programmer course, Profit with JavaScript, where we create real world projects such as how to build a Google Chrome Extension, Google Map Store Locator and a Twitter Clone. I am learning Reactjs, Node.js, Vaniella js, Es6 and Flexbox.

## **Technical Skills**

- HTML & CSS
- JavaScript
- Python
- Bootstrap
- Material-Ui
- Flask
- Django
- Heroku
- MongoDB
- AWS
- Sql
- SqlLite3
